

**Dana Perri Presents**

# **SCHOOL Visits**

**Think...then Jump™**

## **Option # 2**

### **Character Building:"Thoughtful Me - Special You"**

*Geared toward Grades 2-3*

*15 minutes reading & 20 minutes of class activity*

*Maximum of 6 classes/day*

This approach includes the reading/discussion portion from option #1, as well as invites the students to partake in a thoughtful exercise. Each student is given a paper lily pad to write their name and place into a bowl. They then pick out a lily pad with another student's name. Quietly thinking, they are asked to write 3 nice characteristics about that student. Then one by one each is read aloud, bringing pride and joy to all. This is a tremendous character building exercise that has a positive effect on the entire class, including Ms. Perri.
